School-Age Summer Program

Our School-Age Summer Program will be starting back up June 4th. We are super excited to welcome all our School-Agers back this year. This summer, our children will be learning about Going Green through hands-on investigations. The School-Agers will be busy going on field trips and participating in fun events such as cooking classes and special guest speakers.

Did You Know?

Here at Planting Seeds of Hope, our greatest advertisement is you! All you have to do is refer someone you know to our Center. Your account will be credited their weekly tuition for one week, once the new child is enrolled and has attended for two weeks. So refer our Children's Center to everyone you know.

Art Show was a Success!

The Center raised a total of \$996 for art supplies for next year and everyone had a great time. A special "thank you" to the staff and families who donated items for the raffle baskets and that came to support the Center.

Just a Reminder

If your child will be out of the Center for vacation, please submit a two week written notification to the office.
